

Name: _____

Date: _____

Drawing Atoms

Find the first ten elements on the periodic table.

1. How is the periodic table arranged? _____

2. **For each element**, use the space below to:
 - a) Draw the box from the periodic table for each element.
 - b) Round the atomic mass, giving you the mass number.
 - c) Tell how many protons, electrons, and neutrons are in one atom of this element.
 - d) Draw one atom of this element, paying special attention to electron placement.
